Dam Construction Work To Start Next Week

Keeping Up - -

With Uplanders

By V. V. P.

YOUR TOWN

Most people living in the Upland district naturally have a sense of pride in their home community, in their fellow citizens, in the accomplishments of local people and organizations and in the general high standards in the community.

Of late, we have heard many comments about the importance of loyalty to one's home community, the value of depending "upon people in Upland" and the need for "independence from Ontario" and the community's ability to stand on its own.

We are heartily in accord with these expressions.

Generally speaking local people are very, very loyal to their community and members of The Upland News staff are deeply appreciative of the wonderful cooperation extended to us — by most local people.

When we speak of "cooperation with The News" we mean the efforts of local people to aid The News in the presentation every Thursday morning of "exclusive" new stories. News events, announcements and all information that are very definitely "Upland" should be published FIRST in The News. At least, that is our goal — and about 95 per cent of the news sources are mighty helpful in aiding us in attaining that goal.

Occasionally, however, some people either forget or deliberately violate this spirit of hometown loyalty and "hand" to daily newspapers elsewhere those "local" stories that naturally should be published FIRST in Upland.

It is the responsibility of The News staff to thoroughly cover the community for news. We seek to maintain an aggressive policy in the news and in covering every phase of life. Manpower, photography and engravings cost a lot of money and a considerable sum is expended every week so that Uplanders may have the best possible community newspaper. At the same time we expect sincere cooperation from local news sources.

A very thorough circulation campaign is constantly going on—so that information and advertising in The News will get into virtually every home in the Upland district.

We hold no personal grudges, prejudices or enmity for those people who have broken faith in this spirit of "breaking news stories" to our disadvantage. Thus, we have no strict policy of "you do it our way or else..."

Many other local people apparently note these violations against this hometown spirit of "keeping Upland news stories for Upland." For example, Upland civic organization recently figured in such an instance. We were disappointed, naturally — and apparently quite a few other people were also. "Why does the organization do that?" we were asked several times.

We have also been asked: "Why did Mr. (William) Mason announce his candidacy for reelection as county supervisor in Ontario first and not in Upland?"

More recently is the case of Gene Nisbet. On the same evening his announcement of his candidacy for state assemblyman appeared in an Ontario paper, a local citizen asked us this over the telephone: "Of all things, why didn't our mayor hold that announcement for our local paper?"

In the couple of days since that announcement, other very loyal Uplanders have made observations on the same point.

In other words, an increasing number of local people are very cognizant of this "spirit of loyalty to Upland." They observe the efforts being made by The News staff to produce a good newspaper—and the failure on the part of some local people to observe a spirit of cooperation and of hometown loyalty.

In any event, we do acknowledge the fine cooperation of so many local people.

LOOKING UP

We are going to look up to a fellow Friday night.

He is seven feet three inches tall.

We are talking about 'Swede' Halbrook, the tallest athlete in the nation who is center on the Oregon State college basketball team. My favorite Beavers are in the southland to play the University of Southern California for the Pacific coast basketball title. His height and his easy reach to the basketball hoop have won him national magazine recognition — and fan mail from tall people (girls) in all parts of the nation.

GROWTH AHEAD

Superintendent Dan Milliken of Chaffey predicts a possibility that by 1960 Chaffey college enrollment may be 4,000 and Chaffey high school enrollment 12,000. In which case, he also forecasts it might be advisable for the college to "buy" the present Euclid avenue high school campus and select several other sites for use by the high school students.

It could be.

PANHELLENIC SOCIETY

March meeting of the Panhellenic society will be held this evening at the home of Mrs. D. J. Rutherford, 2295 North Mountain avenue. Dessert will be served at 7:30 o'clock, after which the group will play bridge.

Half Million Dollar Project Slated

Developers Before Council Tonight

A half million dollar residential development, to consist of 39 home in the $12,000 to $14,000 class, will be started immediately if Don Schmidt of Los Angeles gains approval of his plans tonight when he appears before Upland city council.

Upland Planning commission Thursday night approved of the proposed project to be located south of Eighth street and north of Phillip park, with a curved extension of Greentree road and one east-west street included. Only one alley is proposed for the development.

Sale of the property to the Los Angeles builder and developer by Mrs. Edmarie Francisco of Claremont is now in escrow. The subdivision would inciude 39 lots with a 7,500 square foot minimum. The contemporary homes planned are three-bedroom plans with 1½ and two baths.

Mr. Schmidt and John McIntire, vice-president of the building and developing firm, will appear before the council tonight with their plans. Mr. Schmidt has previous experience independently and with his brother, Kenneth Schmidt, one of the best-known building contractors of the Los Angeles area.

Postmaster Ray Awaits Official Confirmation

POSTMASTER RAY

Described recently in The Upland News as "almost postmaster," Roy A. Ray today is awaiting official documents that give him the title of postmaster. His appointment was confirmed in Washington, D. C. yesterday, according to reports.

Since his name was recently presented to the U. S. Senate for approval, friends of Mr. Ray have been awaiting word of his permanent appointment. Scores of other postmasters were approved in the senate action yesterday.

Mr. Ray has been in the postal service all of his adult life, serving as "acting postmaster" for several months. He rated first in a civil service examination. With Mrs. Ray the Upland postmaster resides at 867 North Second avenue.

Sage Hen Plans Motel Resort

Preliminary plans are being made for Jay Snyder for the construction of a 12-unit "Motel Resort" on a site immediately west of the Sage Hen cafe on West Foothill boulevard. Each unit will include one living room, three bedrooms and a private patio. A large swimming pool, so placed for its scenic value as well as utility for the patrons, is included in the more than $200,000 improvement.

A banquet room with a seating capacity of 200 people, is also included in the plans as prepared by Kelsey Goss, Claremont, interior decorator and building designer.

Mr. Snyder, who has developed a wide following at his cafe, said the new addition is planned to offer a service to local people and other southlanders who wish to entertain guests overnight and for southland tourists who want a temporary vacation home.

While only preliminary plans are being prepared now, Mr. Snyder said actual construction will be started this spring and that he expects at least a portion of the building to be available to clients late this summer.

The new buildings will have a frontage of at least 200 feet on Foothill boulevard and extend south for nearly 600 feet. Glass and stucco will be featured in the construction and a general "desert modern" theme will be followed in the construction, landscaping and gardening. Rare desert plants and native shrubbery will be set out.

An arcade will be erected from the present west side of the cafe building to the swimming pool, according to Mr. Snyder.

Four contractors will be asked to bid on the project.

Judith Wilkins, two-year-old daughter of Mr. and Mrs. Maurice Wilkins, 662 North First avenue, is home from San Antonio hospital after a tonsillectomy.

Visitation Day For Teachers Is Friday, March 12

Visitation day for teaching personnel of Upland Public schools will be observed Friday, March 12, and students of the kindergartens and grades 1 through 8 will have a holiday. Ninth graders at Upland Junior High school, being in the Chaffey district, will observe a regular school day.

In announcing the Visitation day, Harold W. Cook, district superintendent of schools, said the teachers will visit other school systems to observe and study methods and teaching techniques.

Door-To-Door Canvass Underway

1954 Red Cross Budget Expenditures Outlined

Mrs. M. Paul Stiker, 2009 North Euclid avenue, chairman of the Red Cross drive now underway in the area served by the Upland chapter, today commended the volunteer solicitors for the enthusiastic and encouraging manner in which they have launched the drive.

With the official opening of the fund campaign Monday, Mrs. Stiker said volunteer solicitors were observed in all areas of Upland, Cucamonga, Alta Loma, Etiwanda and Mt. Baldy starting their house-to-house canvassing in order to report to their captains before the March 10 deadline.

61.9% REMAINS LOCALLY

Of the $10,282 quota, 61.9% will remain with the local chapter and 38.1% will go toward the national Red Cross quota, Mrs. Stiker reports. Miss Eunice Mitchell, executive secretary of the Red Cross chapter, reported the budgeted expenditures of the money kept by the local chapter.

As outlined by Miss Mitchell, $2,250 will go for Home service, including service and financial assistance to veterans and their families, telegraph and telephone expenses; $150 for disaster service, $350 for the service groups (Gray Ladies, canteen, etc.); $125 to the blood program; $125 for Nursing service (the teaching of home nursing);

ONE PAID EMPLOYEE

$250 to First aid and water safety, including the learn-to-swim program and teaching of swimming instructors; $3,000 for salaries and general management, including the salary of the one paid employee and operating expenses; $50 to the Fund campaign expenses; $50 for public information; $25 for Jr. Red Cross, and $150 for transportation expenses.

The total budget of $6,525 will be financed by the current fund campaign and a small balance on hand from the past fiscal year of the Red Cross chapter, Miss Mitchell concluded.

President Ralph Colonna presided at the Tuesday night meeting and reported on the club's participation in the "Personality of the Year" contest, sponsored by B'nai B'rith.

Incumbents having filed petitions to seek re-election in the municipal election are Donald C. Carr and Robert A. Thrall. Signing Mr. Carr's petition were Spencer R. Smith, David J. Thomas, Ralph J. Colonna, Charles Dunlap, George F. Redmon, Rev. Dale F. Reynolds, Harold N. Barbour, Nevin R. Jamieson and Adelaide H. Plum.

Dr. Lady is religious director at Upland college, where he served as president from 1943 until 1949 when he assumed the bishopric of the California Brethren in Christ church. He continued as chairman of the Division of Philosophy and Religion at Upland college and this year has served as religious director.

Mrs. Lady has also assisted in the Upland college program as instructor in health education and as the school nurse.

Ware, right, Red Hill. Here the two volunteer workers plan a display in Mrs. Gardners gift shop.

'A' Street Closed For Re-Surfacing All Day Friday

Re-surfacing of "A" street, from Euclid avenue east to Campus avenue, will be accomplished Friday by city maintenance crews, according to Elwin Alder, acting city manager. The street will be closed tomorrow during the paving work.

Mr. Alder said manholes and other installations have been raised to conform with the new paving. One thousand tons of asphalt paving material will pave the full width of the street.

The present paving will be covered with the new two inch application of asphalt material, Mr. Alder stated.

Monday evening will be party night for line officers of Upland Chapter, Order of Eastern Star, in the Masonic hall. Mrs. Jack Shrum, worthy matron, and Charles Dunlap, worthy patron, will preside over the chapter session. Mrs. Malcolm Huff is chairman in charge of arrangements for the party.

Shaw Choral, Ballet on Program

2,000 Concert Memberships Sold

Due to the spontaneous and overwhelming response of residents of the Upland area, the newly formed Community Concert association reached and exceeded its membership goal of 2,000 in the week-long campaign concluded Saturday. As a result of this response, the association will present five outstanding programs during its inaugural season.

With a membership enrollment of over 2,000 members, the new local association is one of the five largest Community Concert groups in California, according to David Ferguson, vice-president of the national concert organization.

SHAW CHORAL ENGAGED

The Robert Shaw Choral and orchestra, acclaimed as one of the outstanding concert attractions in America, will open the concert season in early November. This program holds more than usual local interest as Robert Shaw and his family are former residents of Ontario. The possibility of getting the Shaw group on the season's program was responsible for the enthusiasm of many association members and workers.

The December program will feature the Paganini string quartette. This group will perform on the four instruments made by Stradavarious and used by the famous Paganini during his lifetime. In January the Association members will have the pleasure of hearing the young American pianist, Leonard Pennario, who is particularly well known here in his native Southern California.

FAMOUS BALLET TROUPE

The most frequent request of the subscribers to the concert season was for a ballet and the Association is especially proud to announce the engagement of the famous Ballet Russe de Monte Carlo for the February presentation.

Closing the season will be the March program featuring the Chinese bass-baritone Yi-kwei Sze who has recently been lauded by critics and music lovers for his artistic recitals assisted by his wife at the piano.

"The wonderful response of all the citizens of the community would seem to assure a continued series of concerts each year in our beautiful Gardner W. Spring auditorium on the Chaffey campus," Temporary Association President Jack Clark stated

Volunteer workers who brought and sold Association memberships in last week's campaign were highly commended by Mr. Clark and by Mr. Ferguson of the national organization. The latter was high in his praise of the strong organization so successfully established is this community.

Mr. Clark also lauded the Upland News as the only local newspaper to support the Concert association campaign. He praised the news stories carried by The News for their public service value in making the membership campaign such a tremendous success.

Six Weeks In Japan Mission Field Plan Of John Z. Martin

John Z. Martin, foreign mission representative for the Brethren in Christ church, will spend six weeks in Japan this summer doing missionary deputation work.

Mr. Martin, who will assume his duties as acting president of Upland college in the fall, will leave here by mid-June, flying to Hagi City, Japan, where he will be with Mr. and Mrs. Pete Willms. He will be engaged in evangelistic and visitation work while in that country.

Returning to the States in August, Mr. Martin will return to Upland college to assume his new responsibilities. He is currently dean of students at the college.

World Day Of Prayer Will Be Observed Friday

All persons in the Chaffey district, regardless of their church affiliation, are urged to attend the annual program in observance of World Day of Prayer Friday at 2 p.m. in the First Methodist church of Upland under the auspices of the United Church Women of this district.

On this day in 118 countries around the world and in 19,000 communities of the United States, people will join in praise and prayer to God. Beginning the day will be a prayer service led by Queen Selote for her devoted subjects in the Tonga Islands, and ending it will be a service on St. Lawrence Island off the coast of Alaska.

Mrs. Chester Fisk of Ontario, president of the United Church Women, is announcing that a nursery will be maintained for small children.

Col. Rutherford Makes Appeal

If it had not been for the American Red Cross, Col. D. J. Rutherford would not be in Upland today, the distinguished army officer said in giving a personal tribute as to the value of the Red Cross. He spoke at the meeting of the Upland Rotary club at noon yesterday.

"Were it not for the Red Cross supplying food we would not have survived the rigors of the prison camp on Formosa during world war No. 2," he said, describing with feeling the fine work of the world-wide organization. He is chairman of the Upland Red Cross chapter. The annual Red Cross drive started this week and he appealed for generous and immediate response to the campaign.

Col. Rutherford described the work of the local chapter. One paid worker is assisted by 384 volunteer workers and many local families are given many kinds of service, he said. John Baumgartner was program chairman and President Robert Hickcox presided.

Local Program To Mark Start Of Project

First work in the actual construction of the San Antonio canyon dam is scheduled next week.

W. B. Rohan, representing Winston Bros. Company, contractors, was here yesterday and said "notification of the contract award" is expected late this week and that an office building will be placed west of Mountain avenue near Twenty-sixth street as the first move in the two-year construction program.

COMPLETION IN 1956

Huge machinery for excavating will be moved on to the property within a week and from then on the construction activity would be steadily increased, he said.

Contract terms provide for completion of the multi-million dollar property by March 1, 1956.

A local program to mark official start of the gigantic project is being planned but no definite date for the event was set at a meeting of local citizens yesterday. Col. D. J. Rutherford, commander of the Upland post of the American Legion, presided at the meeting in the city hall council chambers.

KUCHEL INVITED

Invitations to speak have been sent to Senator Thomas Kuchel and if he is unable to attend, Congressmen Harry R. Sheppard and Patrick Hillings will be asked.

Representatives of the U. S. corps of army engineers, Governor Goodwin Knight and others will be invited.

A ceremony is planned on the site of the dam.

Seeks Assembly Post

Nisbet to Quit Council If Assembly Winner

Wide local support is likely to be given Eugene G. Nisbet as a candidate for assemblyman from this district.

He is Upland's mayor, having served in that capacity 12 years.

If elected to the state assembly Mayor Nisbet said yesterday he would resign from the city council.

"Membership on the city council requires too much time for a person not to be always on the job locally and that would be impossible if the voters choose to elect me assemblyman," Nisbet said.

A Democrat, he will file for the candidacy on both the Republican and Democratic tickets for the June primaries and for the general election in November, he said.

Ray Ferguson, Republican, has announced his candidacy for the assembly.

The two men are the only candidates so far announced for the position now held by Stanford Shaw, incumbent. Mr. Shaw is not a candidate for reelection. Leon Lucas, president of the Cucamonga Water Co. had "considered" becoming a condidate but he said this week he would not run.

Mr. Nisbet has distinguished himself as a presiding officer at the Upland council meetings and in being the leader of the local municipal government. He was reelected to the city council in 1952, having been first elected in 1940. A citrus grower, he resides at 200 East Thirteenth street.

Vitally interested in public affairs for many years, the Upland mayor is a director of the League of California Cities, an organization of city councilmen and mayors. His familiarity with problems confronting cities, counties and individuals is expected to be recognized by many voters.

On Mr. Nisbet's resignation, the four remaining councilmen can either appoint a successor or call a special election. His term expires in April 1956.

Ban on School Site Fund Sought

Officials of the Upland Taxpayers association are on record asking the city council to remove from its development requirements the provision requiring payment into the school site fund.

John Nicholson, president, pointed out that Attorney General Pat Brown has ruled illegal a law requiring payment into a school site fund. On the basis of this reported ruling from Mr. Brown, the association has asked the Upland city council to not make future levies for this special local fund.

Pre-School Children At Birthday Party

Pre-school children playing at a birthday party make a delightful picture—if their attention can be diverted from pleasant pastimes long enough to take a picture. Here a group stop their games long enough for pictures in the bright sunshine. Two-year-old Angela Hope Davis, standing center foreground, was the center of attention in her pretty frills as her playmates celebrated her birthday Friday, February 19th. Sitting in the right foreground is Colleen Stewart. Standing in the row behind the little honoree are, left to right, Carl Cox, Junie Layn, Cymbra Kloppenburg (held by her mother, Mrs. Dale Kloppenburg), Mary Ellen Wyant, Shirley Boles and Tootsie McBratney. Standing in the back row are Jeannette Casinave, Mrs. James C. Davis, the hostess, and Mrs. Edward Wolmutt, maternal grandmother of the honoree.

PTA Planning Active Part In City Affairs

At the meeting yesterday of the board for the Upland Elementary and Junior High P-TA held at the Upland Elementary school auditorium, presided over by the president, Mrs. Dean H. Engle, it was brought out that members of the unit could be more informed and lend support to our city governing bodies if a representative were appointed by the president of the P-TA to attend the city council, the School board, the Recreational commission, and the Board of Health meetings. The resolution was recommended by the board.

A report was made about the meeting held at Upland city hall February 15 to discuss matters pertaining to recreation in Upland. A committee was appointed to draw up a set of recommendations to suggest at the March 15 meeting which is to incorporate the same group of representatives of civic groups that met on the problem of recreation before. Mrs. Rae Wheeler, Mrs. Fred Perry and Mrs. Don Ricci were appointed.

Mrs. Engle called attention to the Parent-Education program which is to be presented by radio on Saturday afternoons March 6 through April 3 over station KOCS at 4:00 p.m. The series is entitled "Our Schools," and the programs concern all of those who have children in the schools.

Retiring officers will be honored at the next regular meeting of the Upland Elementary and Junior High next Tuesday, March 9, at 7:30 p.m. at the Upland Elementary school auditorium, and new officers will be installed. Mrs. James Finely, legislative chairman for the district, will speak on the subject of legislation and will conduct the installation.

Girl Scout participation is also planned with the fifth grade troop No. 56, under the leadership of Mrs. Dupee Townsend, presenting the aspects of out-door living. Miss Isabella McCulla will contribute her thoughts on scouting from the standpoint of adults. Mrs. Dean Bradford's troop No. 31 will sing "Green Grow the Rushes, Ho."

The presentation of the flag will be made by Brownie troop 4. The Rev. Dale Raynolds of the Foursquare church will give in invocation.

An interesting feature of the concert by the Southern Methodist University choir in Upland on March 16, 8 p.m. at First Methodist church, will be the improvisations and solo performance of Charles Webb, pianist, organist and accompanist.

Calling upon his experience and his musical ingenuity, he frequently improvises between numbers in rehearsal and concert, setting the mood for the next number. Other soloists include Carolyn Schlipf, soprano; Tom Sturgess, tenor, and Arthur Darnold, baritone.

Forty singers selected from all schools of the University form the University Concert choir. Ten states are represented, with the majority of the students being majors in the School of Music.

Conservation Week Chaffey High Activity

A school-wide celebration of National Conservation week, March 7-14, is being spearheaded at Chaffey High school by the Botany club. The club members have already begun re-planting of a burned-over area in the Los Angeles National forest at Spring hill in San Antonio canyon.

Adopted as a continuous project by the Botany students, the replanting will be conducted with the students replacing any trees which do not survive the first season. The student club is also erecting a bronze plaque on the project in honor of Conservation week.

A conservation assembly for the entire student body on March 9 will show students the planting activity through film slides taken on the recent field trip. Before Buying Check Termites

LEGAL COMPLICATIONS

A few years ago, a home, located on El Morado court in Ontario, was sold to a widow and her son and daughter.

At the opening of escrow the buyer asked about the termite conditions. The owner merely stated they had not had trouble with them. A few months later some flooring gave way and we were called to make an inspection.

The inspection revealed infestations of two types of termites, with approximately $500 worth of work necessary. We were authorized to perform this work which we did. On completion the new owners paid us and took our receipted bill to the previous owner and asked them to pay them in that amount.

When this was refused, the new owner filed suit in Superior court in San Bernardino for the amount of the bill. Judgment in favor of the new owners was given for the full amount plus attorney fees, court costs and since there was a delay of about a year before the case came to trial, interest was also awarded.

This decision was not appealed since it followed the pattern of so many other cases throughout the state.

E. Hawthorne recently at the measure be placed ballot. At the suggestion ago of Mayor Eugene G. he city obtained a report t other cities pay their nen.

n V. Paine, whose term council is expiring and not seeking election, took at Thursday night's coun- ing in offering a resolu- cing the pay raise propo- the ballot. He took the the matter out of a spirit ving any embarrasement e two incumbents whose ay might be affected.

Nisbet and Councilman ed Stone, however, in a move, placed the full bility of the action on the ouncilmen. With the coun- nbers filled with visitors, councilmen pointed out they were willing to serve without any thought of remuneration. They voted against the resolution.

Councilman Robert Thrall and Donald Carr expressed the belief the subject was one for decision by the voters. The measure carried on a 3 to 2 vote. Pay of Mayor Nisbet and Mr. Stone will not be affected since a salary change can be made only at the start of a councilman's term. They were reelected two years ago.

Many cities pay their councilmen $50 a month. Since $20 was regarded here as a fair pay 30 years ago, Mr. Paine took the lead in suggesting the question be again presented to the voters.

Jr. High PTA Organization Meet Tonight

Parents of students at Upland Junior High school will meet tonight to vote on the proposal for establishment of a Junior High unit of the Parent-Teacher association. The meeting will start at 8 p. m. in the Upland Elementary school auditorium.

A vote will be taken to determine whether the P-TA unit will be organized, and parents of junior high school students thus separated from the parents of elementary students.

If the vote favors the new unit, committees for nominating officers, preparing by-laws and enlisting members will be selected. Mrs. C. W. Henry of San Bernardino, president of the Fifth district, P-TA, will preside at the session sponsored by the Upland Elementary-Junior High P-TA.

The desirability of the new P-TA unit was proposed several months ago and Edwin P. Dean, principal of Upland Junior High school, this week commented on the advisability of such a unit as "the P-TA at the secondary level works with students, so there is always a student on its program planning and membership committee. The P-TA programs are then geared to meet strictly the needs of teen-agers and their parents. Such a unit promotes closer relations between the junior high parents and the school."

Mrs. Dean P. Engle, president of the Upland P-TA urges all parents of junior high school students to attend the meeting to aid in making the important decision and contribute to the organization of the new unit if its establishment is approved by the parents and teachers present.

Spartans Close Cage Season

Upland college cagers await word as to whether they will enter the playoffs for the championship of the Southern California Christian College conference next week, according to Coach Doyle Book.

The basketball five concluded its regular season of play over the past weekend with two losses. Saturday night they appeared exhausted as they were dumped, 91-51, by Antelope Valley college on the latter's court. Galen Oakes was high scorer for UC with 24 points.

Friday night the Spartans looked much better as they were edged, 68-65, by LIFE Bible college of Los Angeles in an overtime. At the half, the winners led, 34-19, but in the second half the Spartans outscored the winners, 41-26, to tie the score at 60 points. In the five minute overtime, the Spartans were outscored 8-5.

Luke Little hit for 21 and Oakes sank 18 points in the final tilt. Coach Book praised his team this week and indicated Upland college will field a much stronger team next season, with most of the cagers returning.

Coach John Burnison's baseballers opened their season at home Friday with a 9-3 victory over the Pomona-Claremont nine, rallying to tie the score in the bottom of the first.

Arlen Downs hurled a 4-hit shutout at the Waves Saturday to give the Panthers their second win of the season.

Tuesday afternoon, Pomona-Claremont reversed its earlier loss to Chaffey as it came from behind to post a 10-9 win. Top hitters for the Panthers were Duane Anderson, two doubles in four trips; Fred Fernandez, 2 for 4, and Earl Wiesen, 2 for 5.

Uplanders' Daughter San Gabriel Valley Hostess To Foreign Guests

A daughter of Mr. and Mrs. Alfred Schneider, 640 East F street, and a sister to Bill Schneider, 669 East Arrow highway, Mrs. W. K. McMillan of Alhambra is today in Washington, D. C., where she will attend a conference of Mutual Security agency officials who will discuss plans for entertaining foreign visitors.

For the past 14 months, Mrs. McMillan has been the hostess for the Koinonia foundation of the Los Angeles area. Her job is to supervise the tours of foreigners who are guests of the government and are here to get a first hand look at the American way of life.

FIRST HAND LOOK AT U.S.

Over 100 foreign visitors, from 17 countries, have been entertained by families, under the direction of Mrs. McMillan, in the San Gabriel valley.

"The idea behind these tours," Mrs. McMillan said, "is to bring about a better understanding between various nations and ourselves. It is certainly doing a great deal to negate Communist propoganda abroad to show these visitors a first hand look at the U.S." Mrs. McMillan stressed the great desire the visitors have to see inside the homes of average Americans, especially are they interested in the well-equipped kitchens and the homelife of American families.

DINNER IN AMERICAN HOMES

Mrs. McMillan arranges for these visitors to have dinner in an American home and to take sightseeing tours of the area. These visitors, she said, are the leaders in their respective countries and come from such professions as newspaper editors, government officials, labor leaders, students, businessmen, policemen and welfare workers.

At the conference in Washington, which began yesterday, Mrs. McMillan is meeting with other hostesses and officials of the Mutual Security agency. They are discussing better ways to show visitors the United States. Mrs. McMillan was recently the recipient of a letter from Harold Stassen, director of the Mutual Security agency, in which he said:

PRAISED BY STASSEN

"It is gratifying to learn of the splendid contributions you and your neighbors in the San Gabriel valley have so generously made in receiving visitors in your homes . . . this type of activity conveys to them the inherent strength and moral character of our people. You are to be complimented on the active leadership you have devoted to this activity."

Mrs. McMillan will be in the east a month, visiting relatives in Washington and New York following the Washington conference.

Cancer To Claim 17 Local People In 1954, Forecast

Among Upland residents during 1954 if the ratio continues, there will be 24 new cases of cancer and 17 deaths here because of cancer, Dr. Truman T. Ackerson told Upland Lions club members Thursday noon.

These figures are based on experience in cancer growth and fatalities.

With Upland's population figured at 12,000 and with one new case developing for every 500 people, Dr. Ackerson described cancer as rating second in the "list of killers."

Regular examinations were given by the speaker as the best way to check the disease.

"In half of the cases in men, the trouble could have been removed had the examination of the patient been in time," he said

Discussion of cancer was only one phase of the speaker's talk. Dr. and Mrs. Ackerson recently went on a cruise to the West Indies and he told of their experiences. Leigh Thompson was program chairman with Joe Seitz, president, in charge of the meeting.

THE JOY OF LIVING

Ever notice how some people associate *the joy of living* with moments of care-free relaxation, while others seem to find equal happiness in both work and leisure?

Which seems most natural? Was man created with the capacity for finding happiness in his spare time only or was he endowed with a genius for reaping joy from both work and play?

Before anyone surrenders to the cynicism of the first theory, he owes it to himself, his neighbors and his God to give the second a real try.

For centuries the Church has been helping men to discover the deep and lasting joy of purposeful living. When your life has a purpose, linked to the Purpose of God . . . then every day reveals anew the joy of living!

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Water Level In Chino Basin At Lowest Point

Detailed operations of the San Antonio Water Co. will be reviewed at the annual meeting of the organization in the Elementary school auditorium Monday morning. Frank C. Buffington, president, will preside.

Election of directors is one of the items on the meeting schedule, the present group including Mr. Buffington, Walter Stewart, O. D. Davis, Walter V. Moffitt, Warren Wass, Nelson A. Gray and George Whitney.

Manager Don C. Adams' printed report gives a detailed summary of the firm's vast activities.

Highlights of his report follow:

Static levels in the Cucamonga basin lowered from 274 feet to 326 feet, making a loss of 52 feet for the year. Levels in the Claremont Heights basin dropped 113 feet; in Chino basin, 15 feet. Chino Basin water levels are now at 409 feet, "the lowest in history," Mr. Adams added.

Excavation has been started for the San Antonio Heights domestic reservoir and new lines are being installed for the domestic service in the heights.

In order that the company acquire established rights in the Chino basin, the S.A. firm has purchased the Fifth Street Mutual Water Co. at a cost of $15,000 and the West Fourth Street Water Co. for $15,000. These purchases add more than 30 per cent to the Chino basin extraction rights.

Expansion Program Will Complete Resort Facilities

Above is a closeup of the motel of the Sycamore Inn as it will look when the proposed $500,000 expansion program is completed, making it a complete resort. At the right, east of the main building, is a portion of the 300-car parking lot. As shown, the main building includes extension of the main dining room to the east, the new swimming pool and patio in the foreground of the building, and the office building for the first class motel facilities at the left and in the left background. Running along the bottom of the picture is Foothill boulevard as it now exists. Rising behind the Inn project is Red hill.

Cucamonga Boy Dies From Auto Crash Injuries

No inquest will be called to investigate circumstances leading up to the injury and death of Mike Lujan, 17-year-old Cucamonga youth, according to Deputy Coroner Edward P. Doyle.

Lack of identification of passengers in a car involved in the crash Saturday night provided investigating officers with insufficient witnesses Mr. Doyle reported as he called a halt to the official investigation Tuesday.

Lujan, son of Mrs. Adela Martinez, 10347 East Twenty-fourth street, Cucamonga, died Monday afternoon at San Antonio Community hospital where he had been treated for a basal skull fracture and fractured right wrist. A native of New Nexico, he had lived in this area all but one year of his life and was a Chaffey high school sophomore.

The fatal auto crash followed a dance in Chino, according to Eddie Ortega, 16, Ontario, driver of the car in which Lujan was a passenger. Ortega told officers that prior to the crash, someone in a car following his auto hurled a bottle at it as he was making a U-turn. Fearing assault by a hoodlum gang, Ortega said he sped away with the second car in pursuit. With the car gaining on him, he headed for Ontario on Garey avenue. It was while speeding on Garey avenue near Payton road that Ortega reports he lost control of the car, which overturned and threw him and a third passenger, Joe Torrez of Ontario, to the pavement. Lujan was pinned in the wreckage.

Torrez told officers the first sign of trouble appeared during the dance at Chino, when three carloads of youths reportedly from Pomona drove past the scene of the dance about 10:30 p.m., tossing rocks and bottles at the building and the crowd outside the building.

With others the local veteran manager was injured in an automobile accident Dec. 3. He has been steadily improving since then. His left leg and left arm are held fast in casts.

Elwin Alder, acting city manager, has vacated Mr. Manley's office after having served as the administrative head of city affairs since the accident. He is head of the city's engineering department.

Low Bid of $3,490,164 Accepted

Monrovia Company Gets Dam Contract

Winston Brothers company of Monrovia is today the contractor for construction of the multi-million dollar San Antonio dam embankment and spillway. The Monrovia concern was awarded the contract Thursday in the Los Angeles office of the U. S. Army Corps of Engineers, when its low bid of $3,385,433 was accepted. Work is expected to start sometime this month.

Fourteen bids were submitted, and the government cost estimate was $3,490,164. All bids were reviewed and studied thoroughly at the Los Angeles and San Francisco offices of the Corps of Engineers before the contract was awarded Winston Brothers company.

$8,351,000 TOTAL COST

Total cost of the San Antonio dam is estimated by Army engineers at $8,351,000. The job on which the bids were received on Friday consists of the construction of an earthen embankment 3850 feet long and 160 feet high, which will provide protection against floods for the towns of Claremont, Pomona, Chino and parts of Ontario and Upland and adjacent agricultural areas.

Now completed on the dam project is the huge reinforced concrete tube that will become the outlet, and last month a $139,474 contract was awarded the Guy F. Atkinson company for construction of the three control gates, 5 feet 8 inches by 10 feet in dimensions.

ON CONTINUING BASIS

According to Col. Arthur H. Frye, Jr., Los Angeles district engineer for the Army Corps of Engineers, the contract to be awarded will be on a continuing basis in expectation of the appropriation of additional funds for the next fiscal year to carry it to completion. The Engineers' schedule calls for the dam to be functioning in 1956.

When completed, the dam will control the run-off of flood water from a drainage area of 26.7 miles It will form a reservoir of 139 acres and will have a total storage capacity of 9,110 acre feet, including 7,110 acre feet of flood water and 2,000 acre feet of debris.

TO PREVENT FLOODS

Federal construction of the dam was approved to prevent recurrence of the disastrous flood of 1938 and others that caused heavy damage, including those of 1941 and 1943. To date Congress has appropriated $4,495,000 for San Antonio dam and President Eisenhower has proposed $2,500,000 in his budget recommendations for the fiscal year 1954-55. An additional appropriation would be necessary in 1955-56 for completion of the project.

The crest of the dam, 160 feet above the stream bed, will be 2,260 feet above sea level. The spillway crest will be 22 feet lower so that in the event a flood greater than any of record should occur, and the inflow exceed the capacity of the outlet works to discharge it, water would pour over the spillway rather than rise to a level that would endanger the crest of the dam itself.

In the event of such a prolonged rainstorm over the watershed, the estimate peak inflow is 19,000 cubic feet a second. The outlet works are designed to permit discharge of up to 8,000 cubic fet a second.

Where winters are mild, 4 out of 5 houses suffer termite damage, a survey reveals. But foundation wood, pressure-treated with copper-arsenate salts, resists both termites and decay. The added cost is less than 1 per cent.

Stop, Look and Fix it.

Community Concert Plan Goes Over; Five Major Artists Coming

In one of the most remarkable campaigns ever conducted here, more than 2,000 persons bought memberships in the newly organized Community Concert association.

Success of this outstanding accomplishment is due to the efforts of many people, including the 175 "salesmen" who during last week contacted residents of the Chaffey district, to the untiring efforts of many close assistants and to the leadership and ability of Jack Clark. Residents of the community are also to be commended for their interest in cultural programs. The membership sales put enough money into the treasury to engage five outstanding artists for the 1954-55 season and leave a little reserve for the next year.

All of this was realized in a great community-wide effort to reactivate the policy of bringing to the community the nation's leading artists.

The Upland News is always eager to aggressively support civic-minded persons in such noble endeavors and to be of public service whenever and wherever possible. For us as a newspaper to do otherwise would have been gross negligence and disgraceful. And, incidentally, The News was the only newspaper that gave of its columns for the promotion of this outstanding community cultural undertaking.

In mentioning this, we are in no way seeking to claim credit for the outstanding success of the project. We are merely emphasizing that The News seeks always to be truly representative of its community and that no other paper in the Chaffey district had any part in telling the public of this endeavor.

In any event, success of the new association is assured. Again, people in the Chaffey district will be privileged to enjoy the outstanding artists in the beautiful Chaffey auditorium.

"Warm Bottom Is Good Deterrent For Delinquency." Maybe So

This area was well represented at the Governor's conference on Youth and Children in Sacramento late last week and reports of an inspiring session are being related.

Chester G. Hanson, Sacramento observer for the Los Angeles Times, was also present and his reports are of interest:

"It is significant to note that in many of the panels and in the general conferences, the importance of the families keeping the children on the right paths was stressed," he said. "That carried with it, of course, the need for parental responsibility as to the conduct of children and youth."

Mr. Hanson also observed there is laxness among adults, and added:

"When the parents regain control of the children and youth in the home, when the school authorities are permitted to regain discipline—in the broadest sense—in the elementary grades and even in some high schools, and when the peace officers and judges of all types are permitted again to put the fear of penalties of the law in the hearts of both parents and their wayward and insolent and defiant teenagers—then we will begin to get somewhere with this so-called youth problem."

He added a personal note and one right to the point:

"I came away from the conference wondering how my poor mother with just a grade school education in Ireland was able to bring up three children without the benefit of the advice and guidance of 3,000 expert men and women holding a big conference on her problems at the state capitol.

"But that was many years ago. Her child guidance clinic was a little whip. And could she use it? I haven't read all the 25 typewritten pages of conclusions and recommendations from the conference, but I listened a lot. And nowhere did I hear or read anything about the effective use of the so-called rod on some of our 'young delinquents.' A warm bottom is a great deterrent to delinquency."

It's Wholesome Situation To Have Many Candidates for City Council

It is a wholesome situation to have many candidates for the three places on the Upland city council.

In fact, it would be a very, very bad plight for the community if no one wanted to serve as directors of the municipal corporation.

Some of the candidates are better known than others—and that is also an encouraging situation; newcomers are willing to help out in spite of the fact they may not have as good a chance to be elected.

As far as we know, there are no special issues involved in the April 13 election, and there is no organized move to do anything radical in the city hall. It is just a case of the individual citizens offering themselves as public servants.

Always, there are certain conditions that might be changed and improvements made. No doubt each of the candidates has ideas as to what he would like to accomplish and will strive for, if elected.

One of the first things a person realizes on the city council is that there are four other persons also on the council—and that it is impossible at all times to please his fellow councilmen and everyone else. Everyone, of course, knows that, but these facts are emphasized very definitely after a few sessions on the public body.

On the whole, however, Uplanders are very considerate of their local public servants. In general they respect the officials' decisions. Upland city councils have been free of petty bickering and business is usually conducted on a very dignified level as it should be.

We heartily endorse the candidates' willingness to serve. It is a very educational experience and a service that has its reward in personal satisfaction. For four years it has been our privilege to serve with four very fine councilmen. From month to month, none of the councilmen probably ever saw realized what he actually wanted in the management of public monies, public employes and the handling of public policies.

It has been a case of five people expressing their ideas, exchanging their views, of conceding points and then accepting what the majority wished. Thus it will always be. At least, it should be that way.

When our term officially expires April 20, we will leave the council table with deep regret. Frankly, we would like to continue except for the fact that we recognize a conflict in public service—a city councilman and as publisher of the local newspaper.

With emphasis we commend the spirit of common interest in public service that prevails among the councilmen—and we commend all the candidates for their willingness to be a part of the city administration.—V.V.P.

Action Needed to Get Liquor Law Changed By Legislators Now

Although the deplorable condition of California liquor control has been clearly set forth by the Weinberger subcommittee and although there is a crying need for reforms, there is no certainty that suggested reforms, or any reforms, will pass at Sacramento.

It is almost unthinkable that any lawmaker would block a cleanup of the conditions now existing. Yet, this not only can happen but indications are that it will happen unless enough people and enough organizations urge legislators to do something.

Already such groups as the California League of Women Voters are rising to the occasion by urging citizens to write their representatives at Sacramento to support the cleanup move. Every California resident should join in this action. Indifference and apathy in the matter will make possible a continuation of the rot which has already eaten deep into law enforement channels.

You Can't Get More From Government Than You Put Into It

Columnist Frank R. Kent points out that at the recent annual convention of a major labor organization, 15 resolutions were passed which "involved large expenditures of federal cash. The sixteenth urged that personal exemptions in the income tax law be raised from $600 to $1,000. This would lower government revenue by $9,500,000,000 a year. In other words government must spend more and take less. This does not make sense and it never did."

Here is another example of imagination that thinks it possible to cut taxes, lower prices, raise wages, increase profits and have government spend more and more money, all at the one and same time. If this brand of economic reasoning is accepted we will have no chance of getting out of the financial mess that has resulted from 20 years of unbridled government spending and waste.

Agapay Second In Area Finals

Second place in the fifth annual American Legion Oratorical contest was taken by Joe Agapay, Chaffey High school senior and son of Mr. and Mrs. Joe Agapay, 1046 Sycamore court.

First place in the area contest held Sunday afternoon at Chaffey college was won by Donna May Wood, representing the School for Girls, Anaheim. Miss Wood will enter the State contest on March 12 in Sacramento.

Agapay won first place in the district contest on February 1 in competition with winners from San Bernardino, Chino and Colton. His district award marked his third appearance in the district contest. His topic was "An American Boy Dies in Korea."

Judges for the area competition were W. W. Mather, former political science department head at Chaffey college and prominent Upland attorney; Frank Bishop, University of Redlands history department; Curtis Guyse, Claremont; G. R. Melgren, Fullerton, and H. H. Hilsen, Redlands.

All contestants spoke on topics based on the Constitution of the United States. Each delivered a ten-minute oration and a short extemporaneous speech based on a topic announced at the contest.

All-School Play In Rehearsal at Upland Elementary School

An all-school play with musical background, "Oh, Shaw!," an original production written and directed by Esther E. Ziegler, is now in rehearsal at Upland Elementary school.

The play follows the theme of a Persian fairy tale and will be given in the Eastern style, with property men appearing on the stage. No dates have been set for the all-school production but it is tentatively scheduled for the last week in March, according to Principal Jessie Brown.

Ends 16 Years With Welfare Department

Mrs. Maude Graham Enjoys Having Leisure Time After Retirement

"I plan to do a lot of things I haven't been able to do in the past," Mrs. Maude Grahame, 428 First avenue, said this week as she enjoyed her first week of leisure following her retirement Friday after 16 years as a receptionist for the San Bernardino County Welfare department.

Mrs. Grahame was honored Friday night by the staff of the Ontario office, where she has worked for the past seven years, with a dinner party at The Bib restaurant. She was also presented with an orchid by the group Friday morning.

PLANS MUSICAL ACTIVITY

Having reached retirement age, Mrs. Grahame cleared off her desk Friday night for the last time, leaving her tasks of the past seven years in the hands of Mrs. Ruth Ann Pappa of Ontario.

With no plans for the immediate future, she says, "Now I have time to play with my grandchildren." A long-time member of the Presbyterian church, where she was choir director for sometime, she hopes to devote more time to the church and to her hobby—music.

NATIVE DAUGHTER

Mrs. Grahame first worked for the Welfare department at the San Bernardino office, transferring to Ontario after nine years.

A native of Upland, Mrs. Grahame reared her two daughters here. They are Mrs. Franklyn "Peggy" Josselyn of South Pasadena and Mrs. Laurence "Lynette" Knott of Whittier. The grandchildren she speaks of so fondly are Carol, 6, David, 2½, and Tommy, 3 months, all children of the Josselyns.

Adopt Placement Plan For High School Campus

A master plan for placement of recreational facilities at the Upland Junior High school campus has been officially approved by the Chaffey Board of Trustees.

Approval was given the master plan as submitted to John Branigan, field representative of the department of school planning. The action followed an exchange of correspondence between the Board and Mr. Branigan and C. Carson Conrad, member of the State department of education, consultant in school recreation, and review of their suggestions.

DRIVER TRAINING

Introduction of a driver training (behind-the-wheel) program at Chaffey district high schools will be considered at the time the budget is brought before the Board of Trustees this spring. Superintendent Daniel B. Milliken, at the meeting of the Board on February 24, said that all information from preliminary investigation now being carried on will be brought to the Board at that time.

Director Leo A. Wadsworth, in answering questions from the Board members who had studied his report on expansion presented at the previous meeting of the Board, said that the space problem for classrooms is now critical. "We are at a point where we don't know what to do for space. If we have more students we shall have to have more classes and more sections of each class. But we have no place for an instructor."

NEW PERSONNEL

Vavrinek and Brannfors, auditors, were re-employed for the year 1954-55 for the Chaffey schools.

Resignation because of sickness of Miss Norma Smalley, Chaffey high school Homemaking teacher, was accepted. Don Stoner, former electronics technician at Convair, was employed as full-time non-certified electronics assistant.

Mrs. Thomas R. Brimmer, certified personnel, was employed to take the place of Mrs. Mabel Nissley, Chaffey High school social science department teacher, who is ill.

Transportation Need Filled

Red Cross Chapter Gets Station Wagon

Upland chapter, American Red Cross, is placing in service the first vehicle placed at its disposal since chartering of the chapter in May 1916.

A 1949 Ford station wagon has been purchased for the Red Cross chapter with funds contributed by a group of civic minded citizens of this area who realized the need of the Red Cross for a transportation vehicle to most efficiently serve this community.

FILLS DEFINITE NEED

Good use will be made of the station wagon, assures Miss Eunice Mitchell, executive secretary of the chapter, and Mrs. Warren Wass, home service chairman for the chapter.

One of the transportation problems to be solved with the new station wagon is that of transporting Upland's Gray Ladies, the only trained volunteer workers in military hospitals, from the local chapter headquarters to the Naval hospital at Norco each Thursday.

Supplies will also be delivered to military hospitals and installations of this area in the Red Cross vehicle, and it will be used for many emergency services for which the Upland chapter is frequently called on.

ROUTINE SERVICES

Where the family of a man in the military service requests, the Red Cross chapter provides transportation when needed to a military hospital. It also occasionally transports children to Casa Colina for treatment.

These are a few of the routine services rendered by the Red Cross chapter, and the necessity for a means of transportation can be readily appreciated. The station wagon will thus fill a desparate need of the Upland chapter.

Presbyterian Friendly Class Enjoys Party

A pleasant gathering of members of the Friendly Bible class of the First Presbyterian church was held Friday afternoon at the home of Mrs. R. C. Stone, 565 North Euclid avenue. Hostesses for the occasion were those having birthday anniversaries in December, January and February.

Miss Olive Wood, teacher of the class, gave the devotions. Mrs. Owen Moore entertained the group with colored slides she took in Guatamala, with comments on her trip to the Central America country.

Refreshments were served at the close of the afternoon.

Guests were Mrs. A. R. Dascomb, Mrs. J. L. Kennedy and Mrs. Moore. Members enjoying the afternoon together were the Misses Flora Morley, Olive Wood, Avis Jensen; and the Mesdames John Blair, B. M. Paul, Viola Lewis, L. M. Mahaffey, J. M. Banning, Leon Durham, John Dennis, Minnie D. Goodrich, Claude B. Mattox, Stella Salisbury, Charles Bowser, J. H. Bledsoe, Anna Bryden, Glenn R. Williams, Clara B. Tilden, Kent W. Fuller, Jeannette Whitmer, Grace Cuthbertson, Walter F. Tyler, S. G. Moore, Ora Clark Palmer and R. C. Stone.

Past Presidents Of Legion Auxiliaries Meet in Upland

Upland and Redlands unite of the American Legion Auxiliary were co-hostesses for the meeting of the Past Presidents club of San Bernardino-Riverside counties Auxiliaries Wednesday evening at the home of Mrs. Ethel R. Marsh, 1099 West Sixteenth street.

Following a short business session conducted by the president, Mrs. Grace Moore of Highland, the time was spent socially, and the group enjoyed a tour of the Marsh garden.

Many Attend Colonial Tea Given By DAR

Among the 100 guests at the annual colonial tea given by San Antonio Chapter, Daughters of the American Revolution, Monday, Feb. 22 at the Ontario Woman's clubhouse, were members from chapters in San Bernardino, Pomona, Claremont, Redlands and Yucaipa. Some were in costume.

The regent, Mrs. Harold Thornley, welcomed the guests, and an appropriate meditation was given by the chaplain, Mrs. E. S. Seapy. Mrs. F. R. Barrett led in the salute to the flag.

Miss Elsie Hamilton, program chairman, presented Miss Phoebe Sibley, Chaffey student, who sang two selections, acompanied at the piano by Dr. S. Earle Blaskelee.

Another feature was the dramatic reading given by William Simonsen of the Chaffey faculty of letters of George Washington, written to Mr. Dinwiddie, to Congress, to his mother and others.

Attracting much admiration was the centerpiece on the tea table highlighted by a beautiful mother-of-pearl and Duchess lace fan, carried by Mrs. Jacob Shinkle's great, great grandmother at the governor of Virginia's ball in 1854. The fan was banked with gardenias, and a bisque figurine of "Blue Boy" was placed near the center. Completing the arrangement were crystal candlesticks with prisms, and blue tapers.

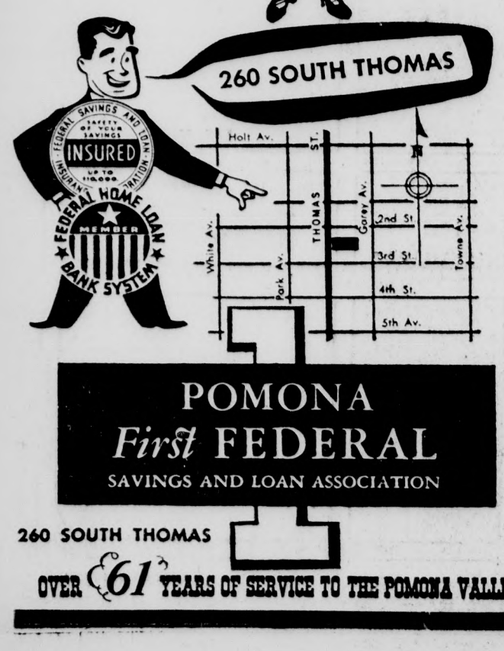

Mrs. Thornley and Mrs. W. B. Harvey poured.

Skvarna Launches Into Track Season

Carl Skvarna, one of the all-time outstanding athletes at Upland Junior High school, positions himself in the starting blocks for the sprint events of the Track and Field season at Upland Junior High school as he enters his third competitive sport fo rthe year. Skvarna specializes in the 100-yard dash, 220, relay and broad jump, but can be entered in only two events. Records are sure to be shattered by the promising thinclad in whichever events he participates.

Track, Field Season Opener

Raiders, Emerson In Dual Meet

First action for the thinclads of Upland Junior High school will see them hosting Emerson school of Pomona in a dual track and field meet on the local field at 3 p. m. today.

Sixteen ninth grade athletes reported for the varsity track and field season last week as time trials were conducted by Coach Don Demmon. A brilliant season shines on the horizon for the Raiders, with times in the first trials of the season promising school and Mt. Baldy league records by the 15-4 squad

SIXTEEN CANDIDATES

Candidates for track and field honors on the Jayhi varsity are Celestino Adame, Jr., Larry Bartlett, Tony Cheaney, Pat Copplin, Grant Elliot, John Entner, Richard Hemsley, Henry Lomax, Jim Martens, David Martinez, Rudy Medel, Johnnie Miguelena, Gary Parker, Joe Pillsbury, Carl Skvarna and Gary Thrall.

In Thursday's time trials, Skvarna promised to be as big a headliner on track and field as he has been on the gridiron and hardwood. Sure to become one of Upland Junior High's all-time athletic greats, Skvarna sprinted the 100-yeard dash in 11 seconds flat, covered the 220 in 24.5, just six tenths of a second off the League record of 23.9, and came close to the broad jump record for the school of 18'4". As an eighth grader last year, Skvarna topped the school record but the school plaque records only new records set by the Ninth graders.

THREATEN RECORDS

Richard Hemsley also showed well in the 100 with a time of 11.4, and is also promising in other events. Rudy Medel covered the 660 in 1.44 his first time out. With the school record being 1.28:4, Medel is likely to leave his name inscribed on the record plaque. Another thinclad threatening the records is Celestino Adame, who was clocked at 3.52 in the 1320, for which the school record is 3.44.

Hank Lomax is out to beat the shot put record of 44' 6 3/8" and Thursday put the shot 43'.

TENTATIVE LINEUP

A tentative lineup of the Upland entries in today's dual meet with Emerson follows:

100-yeard dash, Skvarna and Hemsley; 220, possibly Skvarna; 660, Medel and Pillsbury; 1320, Adame, Martinez, Thrall and Entner; low hurdles, Hemsley; high hurdles, Cheaney; high jump, Cheaney and Bartlett; vault, Bartlett; shot, Lomax, Medel and Elliot; relay, Hemsley-Skvarna-Medel-Lomax, and broad jump, Skvarna and Lomax. As each athlete can be entered in only two events, Coach Demmon is at a loss as to which events he will enter Skvarna.

Jayhi Jayvee Track, Field Hopefuls In Pre-Season Training

With first competition for junior varsity track and field squads at Upland Junior high school still two weeks away, Coach Bernell Gregory this week reports 25 prospective thinclads in training for participation.

Boys who will compose the A team are the following: Fred Luna, Alfred Villanueva, Lloyd Hunter, Mike Hanamura, Ray Melendrez, David Villanueva, Ralph Nuno, Steve Burgan, Paul Siler, Ben Goss, Phillip Caldera, Robert Davis and Bobby Finez.

The B squad will be composed of the following eleven thinclads: Frank Giannette, Kenny Thompson, Ricardo Lucero, Bobby Munoz, Bob Thompson, Jack Middlecoff, Alex Molinar, Jimmy Davis, Kenny Hotard, Larry Strohm and Jack Kelley.

Chaffey In EC Cinder Dual

Coach George Colbath's track and field men open their Eastern conference season Friday in a dual meet with San Bernardino on the Chaffey cinder path and field.

In their second triangular of the season, the Panthers took a surprise tie for second place with Bakersfield JC, with 37½ points each, as favored Pomona college took top honors with 69½ points. Fourth were the Pomona frosh with 19½ points.

Smashing his own record in the discus was John Rogers as he tossed the platter 150' 11 3-4" for a new record. Before making the new record, Rogers exceeded even it with a practice toss of 160'. The 164' state record is the objective of the Chaffey star.

Two firsts were taken by Dale Bunch in the 220, with a 22.4 time, and in the 440, with a 51.6 time. Dean Smothers came home in the broad jump pit, clearing 21' 3", and Litwiler tied for first in the pole vault at 11' 6".

Seconds for Chaffey were taken by Don Lee, javelin, 161'; Gowen, high hurdles, 9.7.

Panther Freshman Flashes on All-EC Basketball Club

Chaffey college's two freshman flashes, Bill Eblen and Jim Wiesen, who are the scoring aces of the Eastern Conference basketball season, have been awarded positions on the All-Eastern conference basketball club.

The two were named to the all-conference team by the Citrus Belt Sports Writers association. Others selected were Dave Hall and Jim Sterkel of Fullerton and Atwood Grandberry of San Bernardino.

Eblen was third in the voting for the league's most valuable player with 17 points. Hall of Fullerton and Grandberry of Berdoo tied for the top honor, with 18 points each.

For the EC season, Eblen scored a total of 275 points for a 22.9 game average. Wiesen ran up 261 counters for a 21.7 average to finish second. Chaffey failed to place cagers on the second and third cage quints.

Panthers Fall To San Bernardino, Orange Coast

In their final home basketball of the season, Chaffey college Panthers fell to San Bernardino Valley college, 78-68, on the Chaffey court. The game was played on Tuesday night of last week.

Coach Harvey Shirk's quint took the first quarter lead by one point but the Valley collegians returned in the second period to assume a lead which they never relinquished.

The Panthers concluded their Eastern conference campaign the previous Friday at Costa Mesa, where they were nipped by the Pirates of Orange Coast, 85-77.

Two Lemon Trees Loot of Thieves

Theft of two lemon trees was reported to Upland Police department Monday morning by I. Wilson Gillingwators, 1540 West Foothill boulevard, after he discovered the trees removed from the grove of Howard Eels of Pomona.

The grove is located on Sixteenth street west of Mountain avenue. The two one-year-old trees, valued at $4 each, were removed from the grove on the south side of Sixteenth street sometime over the weekend. Mr. Gillingwators said a similar theft occurred in the same grove two years ago.

Chaffeyans Win State Award In Merchandising

Emily Young of Upland is one of the Chaffey college Merchandising club members responsible for bringing to Southern California for the first time the Sears-Roebuck annual Achievement award for the outstanding Merchandising club and program in the state.

Miss Young, daughter of Mr. and Mrs. Paul M. Young, 380 West Twenty-fifth street, was one of 12 Chaffey members who won in a field of 32 entries at the State convention of the Future Retailers association, held at Santa Cruz, February 20-21. Miss Young is also the new vice-president of the Chaffey club for second semester.

The Merchandising award is made by the Bureau of Business Education, State Department of Education, with the Sears-Roebuck foundation. It is the only award given for merchandising. The two-foot trophy was won last year by City College of San Francisco.

The Foundation award was given on a point system for club activities during the year and individual student achievement on campus and at the conference.

All members of the Merchandising club are employed part time in the business houses of the Chaffey district. They receive campus class training in the morning and work-experience in the afternoons. All members of the delegation unanimously credited their employers with excellent training which counted in the award winning. Elwood Chapman is adviser for the group.

Toboggan Crash Fatal To Youth

Richard Scott Beresford, 13-year-old La Canada boy, died Sunday afternoon at San Antonio Community hospital from head injuries received Sunday morning when the toboggan on which he was "bellywhopping" struck a rock and smashed into a tree near Snowcrest at the upper end of San Antonio canyon.

The youth expired at 4:15 p.m., almost three hours after he was admitted for treatment of a fractured skull and other head injuries.

Chief Deputy Coroner Edward P. Doyle said the boy was one of a group of 176 Boy Scouts and parents on a winter sports outing at the San Antonio Boy Scout camp near Snowcrest. His father, Bruce F. Beresford, was a member of the party.

Members of the Mt. Baldy Ski patrol, a group of winter sports enthusiasts who render emergency aid in difficult and snow-covered terrain, brought the boy to the canyon highway where an ambulance waited to rush him to the hospital. The body was taken from the hospital to Stone's mortuary.

No Professional Safe Crackers; Just Curious Youngsters

Sergeant O. W. Owens met with a group of children and their parents Friday to arrange for reimbursement to Upland Housing authority for damage to a safe left in the open at the site of the Parkside recreation building while the building was in the process of being moved to Upland Memorial park.

According to the police officer's investigation, two youngsters six and eight years of age used a piece of pipe to break off the handle and dial of the large metal safe in an attempt to open it Friday. A larger group of children threw rocks and sticks at the safe but did no damage.

While the incident aroused considerable alarm in some quarters, it was apparently only the prank of curious youngsters who made the mistake of doing damage to the property of others. Appropriate action was taken by the Upland Police department and the parents of the youngsters to avert any repetition of the so-called safe cracking attempt.

Wood preservatives in fence posts often leach out due to ground water. Scientists at the University of California have discovered a new preservative, Chemonite, which is not water soluble, it is claimed.

Lloyd Butler Local Representative

Progress Noted On New Subdivisions

Lloyd Butler, local real estate dealer and subdivider, today announced preliminary work is progressing toward the subdivision of two residential tracts in Upland. Both have been approved by the city planning commission and council.

Engineering is now underway for the 22-lot subdivision on the property of E. R. Geiser at the southwest corner of Euclid avenue and Twenty-second street. Estimated to involve $200,000, the subdivision is of lots averaging one-half acre in size and will require homes with a 1400 square foot minimum. Architectural supervision is also being planned for the future development by lot purchasers.

Thirty-five lots for multiple unit development will be subdivided by Mr. Butler for William Logan of Pasadena, who recently purchased the nine acres of citrus lying southwest of the Arrow highway-Palm avenue intersection. Mr. Butler is subdividing the property only, and will not construct homes thereon. The same is true of the Geiser subdivision.

The acreage recently purchased by Mr. Logan from Mrs. W. E. Morse, 222 West Arrow highway, who retained her home property on the corner, has already been cleared of the citrus trees. Alpine street, an east-west artery, is the only new street to be created for the subdivision, with Vernon street to be extended through the property. Two east-west alleys will also serve the 35 multiple-unit lots. Engineering for the subdivision is yet to be completed, Mr. Butler states.

McKinney, Reed, Caltabiano Get Planners' O.K.

Ernest McKinney's petition for a zone change from A-2 to R-1C for his property at the southwest corner of Hervey avenue and Arrow highway in College Heights was granted by Upland Planning commission Thursday night.

Meeting in regular session at the city hall, the Planners also approved the conditional use permit requested by Mrs. Julia S. Reed in order that she might continue an addition to her home on Fourteenth avenue. Mrs. Reed has received the city council's approval of plans for a rest home.

H. H. Bowers was scheduled to appear with his request for permission to leave an existing sign overhanging city property (traffic islands) between East Foothill boulevard and the service road. The Commission requested the city building department to notify Mr. Bowers to remove the sign.

Simon Eisner, planning consultant for the city, was requested to make a survey regarding the location of breaks in the highway curbing to permit autos to enter and exit from the service road on East Foothill boulevard.

A change in use was approved for John Caltabiano on property at 843 East Foothill boulevard formerly used as a second hand furniture store. Mrs. Caltabiano will convert the structure into a drive-in restaurant.

Zone Change For Poultry Denied

James Thorniley's application for a change in zone from A-1 to A-2 on two 10-acre plots between Twenty-third and Twenty-fourth streets, 1,300 feet east of Euclid avenue, was denied unanimously by Upland Planning commission Thursday evening.

A large delegation of residents of the Euclid avenue residential area adjacent to the Thorniley properties appeared in opposition to the zone change. This group included the Mesdames Harriet Longstreet Gray, Robert Osborn Price, Willis A. MacKay, Leland W. Scheu, Bessie Bell and the Messrs. Harold S. Stewart and Walter V. Moffitt.

In refusing the application, the Commission held the proposal was not in the best interests of the city and that sufficient area has already been zoned for poultry.

Bicycle Missing From Garage At Ray Davis Home

Mrs. Ray Davis, 960 North Euclid avenue, Saturday reported to Upland Police department the theft of her son's bicycle sometime during the night Friday.

The missing bicycle is a red Schwinn boy's model with a white headlight on the handle bars. The bike was taken from the garage at the Davis home.

The world's best driver can wreck an unsafe car.

Zoning Ordinance Amendment Hearing Set for March 25

March 25 is the date set for a hearing on the proposed amendment to the Upland zoning ordinance relative to yard areas for multiple dwellings.

Upland Planning commission announced this date for the hearing at the regular meeting Thursday night in Upland city hall. Commissioners present were Chairman George H. Whitney, vice-chairman Dan Maher, Mrs. Dorothy Gardner, W. H. Kistinger, Jack Clark, Dr. Henry G. Brubaker and Ralph Hunt. Also present were Acting City Manager Elwin Alder, City Attorney Henry Busch, Planning Consultant Simon Eisner and Mrs. Lillian Schubert, Commission secretary.

Dewey Ware Reports Theft From Home

A $95 gold wrist watch and cash totaling from $2 to $5 was reported missing from his home by Dewey L. Ware, 686 Tulare way, last week. Mr. Ware reported to Officers Bill Smith and Cecil O. Derr of Upland Police department he believes the watch and money was stolen.

No sign of a forced entry was evident at the Ware home, but Mr. Ware reported frequent prowlers in the neighborhood. He said the money was removed from a piggy bank which had previously been opened and resealed with tape.

Three Surveys Are Approved

Three records of survey, submitted by Jack Isom, Charles L. Dinger and Charles Fast, now go to Upland City council for final action after being approved by Upland Planning commission Thursday evening.

Mr. Isom's survey is for a change in property lines between two lots on Tenth avenue north of Washington boulevard. Mr. Dinger's survey is for separation of a one-acre tract from his five acres of citrus on Sixteenth street. This separation will allow him to sell the remaining four acres of citrus to Gilbert Krebill, retaining the acre surrounding his home.

Mr. Fast's survey is for development of one acre on the north side of West Twenty-second street between Euclid and San Antonio avenues and the approval calls for half-street improvements.

A proposed record of survey for Neil D. McCallum, 369 West Ninth street, calling for a division of his residential property into two lots, was tentatively approved subject to submission of the Survey accompanied by a permanent map. Mr. McCallum presented a tentative map showing his plans for a future multiple dwelling development along the north side of Ninth street. This plan would be developed by three adjoining property owners between San Antonio and Palm avenues on Ninth street.

Edward Moll's request was approved for his proposed installation of a dry cleaning plant in the business structure proposed for construction adjacent to the Shopping Bag market. This approval was given although the plans for the commercial building proposed for west of the present market building have not yet been approved by either the Commission or city council.

Van Hoy Frozen Food Locker was instructed to apply for a variance needed for operation of the new food locker plant at Grove avenue and Bowen street.

No safety check-up. Too busy. Too late. Too bad.

Chaffey Young Farmers Send Team To Judging Events

Julian Danzo of Cucamonga and Gerald Calhoun of Upland will be on the Chaffey college Young Farmers six man team in the Practice Citrus judging contest at California Polytechnic college at San Dimas this Saturday.

No team tabulations will be made, according to Rex Wignall, head of Chaffey agriculture. A four-man team will be selected from this group to enter the Citrus judging contest at the National Orange show on March 27.

Second Of Three Parent-Teacher Conferences Over

Second of three series of conferences between teachers and parents have been completed at Upland Elementary school, according to Miss Jessie Brown, principal.

The final series of consultations will be held the last of May. The meetings between parents and teachers are for discussion of each student's progress and problems, and are held in lieu of report cards.

Freedom Scrolls Circulated

Col. D. J. Rutherford is local chairman in distributing the "Freedom Scroll" for signatures among people in Upland district. A part of the national program for "Crusade for Freedom," the signers of the scroll sign the following statement:

"In the belief that freedom is the most precious of human rights I gladly sign my name to this freedom scroll as evidence of my participation as a free citizen in the Crusade for Freedom, supporting the National committee for a free Europe and its striking arm, 'Radio Free Europe.' In so doing, I join hands with millions of other Americans in bringing truth and hope to the courageous freedom-hungry people behind the iron curtain."

Copies of the freedom scroll are at various places in the community, including the Upland public library, the city hall, the chamber of commerce office and The Upland News.
